#2 Topic: Excited Delirium

Date/Time: March 16, 2018 – A.M. / P.M. Session

Location: O'Connor's, Eastampton

Target Audience: All First Responders

On occasion, Law Enforcement, EMS, and Fire personnel are dispatched to the scene of a medical and or criminal incident that involves a person who is reportedly out of control. Upon arrival on the scene, the emergency responder may be confronted by a person who is violent, highly agitated, irrational and resists physical restraint with surprising strength. These subjects could be suffering from a "unique syndrome" commonly referred to as Excited Delirium. First responders need to recognize the fact that these people are suffering from an acute, potentially life-threatening medical condition. This training program is designed to assist first responders with these highly volatile and life-threatening calls for service.

#3 Topic: Ergonomics-Reducing Injuries by Working Smart

Date/Time: May 15, 2018 – 9:00 a.m. – 10:30 a.m.

Location: Hainesport Municipal Building

Public Works personnel are typically engaged in repetitive, strenuous, and difficult physical tasks. The purpose of this training is to identify these risks, discuss solutions and apply the use of ergonomics to systematically reduce injuries.

#4 Topic: Active Shooter (Edwin Moore)

Date/Time: Fall 2018

Location: Hainesport Municipal Building

Target Audience: All Interested Personnel

This special program will be presented by Edwin Moore from the Department of Homeland Security. It will define considerations for employees in planning for, preventing, responding to and recovering from an active shooter incident.

#5 Topic: Below 100

Date/Time: Fall 2018

Location: O'Connor's, Eastampton

Target Audience: All First Responders

This program utilizes five key tenets by which we can improve officer safety. Below 100 isn't about statistics, it's about every officer, trainer, and supervisor taking individual and collective responsibility for the decisions and actions that contribute to safety. For those in a leadership position, Below 100 means supporting a culture of safety throughout your Department. Doing the right thing should be ingrained in your personnel so that it becomes the norm and not the exception. Just as importantly, hold accountable those who stray outside what should be common sense. Often, a private word with a misguided officer is all it takes to correct his or her misperception. Below 100 is committed to providing you the tools and resources you need to make a culture of safety thrive throughout your Department.
