### ***EXECUTIVE DIRECTOR'S REPORT***

Mr. Forlenza reviewed the Executive Director's Report found in the agenda packet with the membership. He highlighted the following items:

***2017 Safety Incentive Program Awards*** – Mr. Forlenza asked that all members review available balances for this program. He noted that the deadline to claim or encumber these funds was November 30, 2018. All encumbered funds must be claimed by February 1, 2019.

**2018 Optional Safety Budget** - Mr. Forlenza asked that all members review available balances for this program. He noted that the deadline to claim or encumber these funds was November 30, 2018. All encumbered funds must be claimed by February 1, 2019.

**2018 Wellness Incentive Program Allowance** – Mr. Forlenza stated that a report detailing the available balance for each member for the 2018 Wellness Incentive Program was included in the agenda packet. He stated that the deadline for claiming or encumbering the funds was November 30, 2018. All encumbered funds must be claimed by February 1, 2019.

**EPL/Cyber Risk Management Budget** – Mr. Forlenza stated that the JIF has budgeted **\$500** for each member to help offset employment practices and cyber security related expenses. This budget can be a valuable resource in addressing these areas of exposures. He noted that the deadline to claim or encumber these funds was November 30, 2018. All encumbered funds must be claimed by February 1, 2019.

**EPL Helpline – Authorized Contact List** – Mr. Forlenza asked members to review the attached list for accuracy as their local Reorganization meetings come up in January. He noted the resolution to make changes to this list is on the JIF website at [www.burlcojif.org](http://www.burlcojif.org). Please contact the Executive Director's office with any questions.

**Statutory Bond Status** – Mr. Forlenza reminded members to review the latest listing of the Statutory Bonds issued by the MEL for JIF members. These are issued to the individual, NOT the position. Members should review this list as some changes might have occurred or will be occurring at Reorganization meetings requiring new bonds to be issued.

**Elected Officials Training-** Mr. Forlenza stated that again, this year, the Fund is sponsoring Elected Officials training. The MEL will reduce each member's 2019 MEL Assessment by \$250 for each municipal elected official who attends one of the training sessions by March 31, 2019. This credit will also be extended to the member's CEO (i.e. Municipal Manager or Administrator) again this year. The total credit is limited to 5% of a member's 2019 MEL Assessment. A Save the Date was emailed out to all Clerks, Fund Commissioners, and RMC's on or about October 5, 2018. Invitations/RSVP's for the sessions were e-mailed to all Municipal Clerks and Fund Commissioners on November 1, 2018. The sign-in sheets from December 6, 2018 seminar are posted on the JIF website and should be reviewed to be certain your Elected Officials signed in to receive the credit. The remaining trainings have been scheduled on the following dates:

January 31, 2019 - Nicolosi's Catering, West Deptford  
February 6, 2019 - Merighi's Savoy Inn, Vineland  
March 21, 2019 - O'Connor's American Bar & Grille, Eastampton

**Police One Training** – Mr. Forlenza noted that to help reduce the skyrocketing costs associated with police related injuries and lawsuits, the JIF is pleased to announce the availability of the Police One Academy online training system. Mr. Saville will provide an update on this matter during the Safety Director's Report.

**MediaPRO** – Mr. Forlenza stated that to help combat the rise in cybersecurity threats, the JIF has contracted with MediaPRO to deliver online technology risk training for Member Municipalities. MediaPRO specializes in cybersecurity and data privacy employee awareness programs. Every full time, part time, and seasonal municipal employee who utilizes a municipally owned computer will be assigned training. Training courses include password best practices, how to avoid malware, social media usage and many more courses. On Friday, November 9, 2018 an email containing a spreadsheet was sent to all Fund Commissioners asking that they provide the

first name, last name, title, and email address of each employee that they want to have access to the training module. Mr. Forlenza noted that to date there are still quite a few member towns who have not submitted this information. This information is needed in order to assign employees to this training. Once this information is received, the employees listed will receive an introduction on how to access and utilize the training program. Please contact Megan Matro in the Executive Director Office if you have any questions.

***Technology Risk Services*** – Mr. Forlenza noted that on November 27, 2018, an email was sent to all members asking that they provide the Executive Director's office with the IP addresses of all of their public facing networks and the contact information for their IT professional. He explained that the IP addresses are needed by Pivot Point Security so they can begin the vulnerability testing of members' networks. Members were asked to respond to this request by Friday, December 14, 2018, and to date there are still many member towns who have not supplied the requested information. Once this information is received, members will begin to see the role out of different risk management services from Pivot Point. Please do not hesitate to contact the Executive Director's office if you have any questions.

***RMC Resolution & Agreements*** – Mr. Forlenza stated that on or about December 7, 2018, a memo and sample copies of the JIF RMC Resolution and Agreement for the 2019 Fund Year were e-mailed to all Risk Management Consultants. If an RMC represents more than one municipality, we request that the form be copied and one set executed for each municipality represented. Once our office receives this documentation, payment can be issued for the 2019 fees at the February 2019 JIF meeting. He noted that RMC payments cannot be processed until this documentation is received. Also, all RMC's are required to execute a Confidentiality Agreement with the JIF and forward it to the Executive Director's office. Each RMC is asked to execute one copy of the Confidentiality Agreement for each member of their staff that might attend the JIF Executive Committee. If you have any questions in this regard, please contact Tracy Forlenza at 856-446-9143.

***Annual Report*** – Mr. Forlenza noted that several copies of the 2018 Annual Report have been handed out to each Fund Commissioner and RMC at tonight's meeting. The report can also be downloaded from the JIF website. Mr. Forlenza asked that members please share the Annual Report with your Governing Bodies.

***2019 Committee Volunteers*** – Mr. Forlenza noted that on November 27, 2018 Committee Volunteer Request Forms were emailed to all Fund Commissioners and RMC's so they could indicate which Committees they were interested in serving on for the 2019 Fund Year. Forms were asked to be returned by December 14, 2018 and the 2019 Committee Chair's will be meeting in early January to review the requests and assign the members to subcommittees.

***AGRiP/PRIMA Conference Schedules and Policy*** – Mr. Forlenza noted this year BURLCO JIF members will be eligible to attend two AGRiP Conferences and the Annual PRIMA Conference. The 2019 Budget includes funding for four (4) attendees in total. The BURLCO JIF has adopted an Attendance Conference Policy that establishes clear guidelines and preferences for Commissioner Attendance. Those Fund Commissioners who have first priority for attendance at these conferences received information on the AGRiP Conferences from our office on or about December 13, 2018. Information on the PRIMA Conference will be emailed early next year

#### ***SOLICITOR'S REPORT***

***Closed Cases*** – Mr. DeWeese reported that there were no (0) closed case(s) for the month of November, 2018.

***Defense Panel RFQ*** – Mr. DeWeese stated Mr. Forlenza had sent an email to the Finance Committee members on November 12th with a link to the Defense Panel RFQ responses. He had asked that the Finance Committee members to complete their review of the responses and return their score sheets by December 7th. Due to a low response, he noted a second email was sent to the Committee members on December 12th, asking for completed score sheets to be returned December 14th.

Mr. DeWeese noted the individual score sheets are being tallied into one master score sheet that will be sent to him for review. Once the process is completed, the membership will discuss the scoring and Mr. DeWeese's recommendations with final recommendations and appointments made at the January Reorganizational meeting.

Mr. DeWeese then noted a Motion would be sought later in the meeting for consideration of appointing Mr. Forlenza as the acting Executive Director through the end of 2018, as well as for the 60 day extension of Arthur J. Gallagher's contract.

Mr. DeWeese asked if there were any questions at this time. No questions were entertained.

Mr. Saville reminded the members that the *Special Recognition Award* nominations reminders were sent out on September 5 and to please remember to submit these nominations. Mr. Roselli noted some precautions to take should include:

- Pre-treat parking lots and sidewalks
- Discuss footwear with employees

- o.) Cyber Liability – none 100% commercially insured with XL Catlin and Beazley

- 4.) **The amount of unpaid claims to be established.**
  - a.) The general reserving philosophy is to set reserves based upon the probable total cost of the claim at the time of conclusion. Historically, on claims aged eighteen (18) months, the Fund expects

the claims servicing company to set reserves at 85% accuracy. The Fund also establishes reserves recommended by the Fund's actuary for claims that have been incurred but not yet reported so that the Fund has adequate reserves to pay all claims and allocated loss adjusted expense liability.

- b.) Claims reserves are subject to regular review by the Fund's Executive Director/Administrator, Attorney, Executive Committee and claims servicing company. Reserves on large or unusual claims are also subject to review by the claims departments of the commercial insurance companies or reinsurance companies providing primary or excess coverages to the Fund.

5.) **The method of assessing contributions to be paid by each member of the Fund.**

- a.) By November 15th of each year, the actuary computes the probable net cost for the upcoming Fund year by line of coverage and for each prior Fund year. The actuary includes all budget items in these computations. The annual assessment of each participating municipality is its pro rata share of the probable net cost of the upcoming Fund year for each line of coverage as computed by the actuary.
- b.) The calculation of pro rata shares is based on each municipality's experience modified manual premium for that line of coverage. The Fund's governing body also adopts a capping formula which limits the increase of any member's assessment from the preceding year to the Fund wide average increase plus a percentage selected by the governing body. The total amount of each member's annual assessment is certified by majority vote of the Fund's governing body at least one (1) month prior to the beginning of the next fiscal year.
- c.) The treasurer deposits each member's assessment into the appropriate accounts, including the administrative account, and the claim or loss retention trust fund account by Fund year for each type of coverage in which the member participates.
- d.) If a local unit becomes a member of the Fund or elects to participate in a line of coverage after the start of the Fund year, such participant's assessments and supplement assessments are reduced in proportion to that part of the year which had elapsed.
- e.) The Fund's governing body may by majority vote levy upon the participating municipalities additional assessments wherever needed or so ordered by the Commissioner of Insurance to supplement the

Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations. All supplemental assessments are charged to the participating municipalities by applicable Fund year, and shall be apportioned by the year's assessments for that line of coverage.

- f.) Should any member fail or refuse to pay its assessments or supplemental assessments, or should the Fund fail to assess funds required to meet its obligations, the chairman or in the event by his or her failure to do so, the custodian of the Fund's assets, shall notify the Commissioner of Insurance and the Director of Community Affairs. Past due assessments shall bear interest at the rate established annually by the Fund's governing body.
  - h.) The Fund has adopted a loss sensitive retrospective rating plan and has filed the endorsement with the Department of Banking and Insurance and the Department of Community Affairs.
- 6.) **Procedures governing loss adjustment and legal expenses.**
- a.) The Fund engages a claims service company to handle all claims, except for the JIF's POL/EPL and Volunteer D&O insurance which is handled by Summit Risk Services representing QBE North America for both coverages. The performance of the claims adjusters is monitored and periodically audited by the Executive Director's office, the Fund attorney, the MEL's attorney's office, as well as the claims department of the MEL's three major liability insurers/re-insurers [i.e. General Re and Munich Re for excess liability, and Safety National for workers' compensation]. Every three years, the MEL's internal auditors also conduct an audit.
  - b.) Each member local unit is provided with a claims reporting procedure and appropriate forms.
  - c.) In order to control workers' compensation medical costs, the Fund has the Fund has established an approved medical list and all injured employees are required to utilize this panel.
  - d.) To provide for quality defense and control costs, the Fund has established an approved defense attorney panel with firms which specialize in Title 59 matters. The performance of the defense attorneys is overseen by the Fund attorney, as well as the various firms which audit the claims adjusters.

- e.) The pursuit of subrogation is important to the member and the JIF because successful recoveries replenish the loss funds thereby benefitting a members' loss history and the ultimate JIF results.

Therefore:

1. All requests for abandonment of subrogation, reduction of subrogation claims, and for execution of releases shall be reviewed by the Burlington County Municipal Joint Insurance Fund Claims Review Committee at its next regularly scheduled meeting, except for subrogation claims that are valued at less than **ONE THOUSAND (\$1,000.00) DOLLARS**; and
2. As to all subrogation claims less than **FIVE HUNDRED (\$500.00) DOLLARS**, after the Claims Administrator has exhausted all avenues for collection of the subrogation claim, the claim shall be referred to Claims Supervisor who shall review the claim and provide a list of those claims and dollar amounts being waived to the Fund Administrator of the Burlington County Municipal Joint Insurance Fund; and
3. As to all subrogation claims greater than **FIVE HUNDRED (\$500.00) DOLLARS** but less than **ONE THOUSAND (\$1,000.00) DOLLARS**, after the Claims Administrator has exhausted all avenues for collection of the subrogation claim, the claim shall be referred to the Fund Solicitor who shall review the claim and provide a list of those claims and dollar amounts being waived to the Fund Administrator of the Burlington County Municipal Joint Insurance Fund; and
4. For all subrogation claims of **ONE THOUSAND (\$1,000.00) DOLLARS** or more, the Claims Review Committee shall review such claims and provide a recommendation to the Executive Committee of the Burlington County Municipal Joint Insurance Fund at their next regularly scheduled meeting; and
5. The Executive Committee shall review the recommendations of the Claims Review Committee, the Claims Administrator, and the Fund Solicitor and determine whether to ratify the recommendations and said action will be noted in the meeting minutes via the claim number of the appropriate claim; and
6. If the recommendation is for the execution of a Release and the Executive Committee ratifies that

recommendation, the Burlington County Municipal Joint Insurance Fund's Chairperson and Secretary shall be authorized to execute the Release by Resolution.

7.) **Coverage to be purchased from a commercial insurer, if any.**

The Fund does purchases commercial insurance for the POL/EPL, Volunteer D&O, and Cyber Liability coverage which is purchased from XL Catlin (Cyber), Beazley (Cyber) and QBE North America (POL/EPL, Volunteer D&O).

8.) **Reinsurance to be purchased.**

The Fund does not purchase reinsurance.

9.) **Procedures for the closure of Fund years, including the maintenance of all relevant accounting records.**

- a.) The Fund utilizes the Municipal Excess Liability Residual Claims Fund (RCF) to facilitate the closure of Fund years.
- b.) Upon the transfer of outstanding liabilities of a Fund year to the RCF, the Fund adopts a resolution closing that year and transfers all remaining assets to the closed Fund year account. This amount is allocated by member local units using the same procedure as is used to calculate a dividend. Each month, interest is credited to the closed Fund year account by member.
- c.) Each year, the Fund's governing body will determine if a dividend is appropriate from the closed Fund year account, and will make application to the Department of Insurance as appropriate. Further, in the event an open Fund year incurs a deficit, the Fund's governing body will consider an inter-year transfer from the closed Fund year account to offset the deficit. In either case, the dividend or inter-Fund year transfer will be calculated on a member by member basis.
- d.) A member may apply to the Fund's governing body for a return of that member's remaining share of the closed Fund year account when five (5) years have passed since the last Fund year in which the member participated has been closed. The Fund's governing body will decide on the former member's request after evaluating the likelihood of any additional assessments from the RCF.

- e.) All dividends from the RCF will be deposited in the closed Fund year account on a member by member basis.
  - f.) The Fund will retain all records in accordance with the Fund's record retention program.
- 10.) **Assumptions and Methodology used for the calculation of appropriate reserves requirements to be established and administered in accordance with sound actuarial principles.**
- a.) The general approach in estimating the loss reserves of the Fund is to project ultimate losses for each Fund year using paid and incurred loss data. Two traditional actuarial methodologies are used: the paid loss development method and the incurred loss development method. From the two different indications resulting from these methods the Fund Actuary chooses a "select" estimate of ultimate losses. Subtraction of the paid losses from the select ultimate losses yields the loss reserve liability or funding requirement.
  - b.) The following is an overview of the two actuarial methods used to project the ultimate losses.
    - Paid Loss Development Method - This method uses historical accident year paid loss patterns to project ultimate losses for each accident year. Because this method does not use case reserve data, estimates from it are not affected by changes in case reserving practices. However, the results of this method are sensitive to changes in the rate of which claims are settled and losses are paid, and may underestimate ultimate losses if provisions are not included for very large open claims.
    - Case Incurred Loss Development Method - This method is similar to the paid loss development method except it uses historical case incurred loss patterns (paid plus case outstanding reserves) to estimate ultimate losses. Because the data used includes case reserve estimates, the results from this method may be affected by changes in case reserve adequacy.
- 11.) **The maximum amount a certifying and approving officer may approve pursuant to N.J.A.C. 11:15-2.22.**
- § Property Claims - \$5,000 of Authority
  - § Workers Compensation Claims - \$10,000 of Authority

- § Liability Claims - \$5,000 of Settlement Authority; \$10,000 of legal and file expense Authority
- § The Executive Committee reviews all Payment Authorization Requests, (PARs) where the total cost of a claim will exceed the Authority noted above, and review litigation strategies with the Fund's Attorney.
- § Prior to each Executive Committee Meeting, the certifying and approving officer shall prepare a report that lists the payments on claims where the total expense to date is less than the Authority levels noted above that were approved by the certifying and approving officer since their last report. At a minimum, the report shall include the name of the payee, claim number, affected member, amount paid, reason for payment, and other pertinent information required to substantiate payment. The report shall be provided to the Executive Committee at their regular meeting for their review and approval.
- § In situations where the payment of an allocated file expense on a workers compensation file that has been approved for closure will cause the total cost of the claim to exceed the Authority previously granted, the certifying and approving officer may pay that cost without seeking further approval from the Executive Committee.
- § In urgent situations where the Executive Committee has not had an opportunity to meet, and where time is of the essence such that an expeditious response to a settlement offer would be in the Fund's best economic interest, the Fund Attorney, in consultation with the Executive Director and the Executive Committee Chair, shall have the authority to authorize the settlement of claims within the JIF's SIR. All such authorizations shall be reported to the Executive Committee as soon as possible and shall be approved at their next meeting.
- § In urgent situations where the Executive Committee has not had an opportunity to meet, and temporary total disability benefits are due to a claimant and delaying payment of these benefits would have a detrimental impact on the claimant, the Executive Director, in consultation with the Fund Attorney, and the Executive Committee Chair, shall have the authority to authorize the payment of temporary total disability benefits to the claimant at an amount not to exceed \$5,000 over what had been previously authorized. All such authorizations shall be reported to the Executive Committee as soon as possible and no later than the Committee's next meeting and shall be approved at their next meeting.

§ Upon submission of satisfactory documentation, and with the advance approval of the Executive Director, the Certifying and Approving Officer may also pay hospital bills if waiting until after the next regularly scheduled FUND meeting would result in the loss of a discount on such bills. When the Certifying and Approving Officer utilizes this authority, a report shall be made to the Executive Committee at their next meeting for their approval.

12.) **Operational Philosophy**

- \* **General** - As is the case with any organization, an established operating philosophy, formalized in a document such as this, is a necessary precursor to success. This section of the Risk Management Plan is developed to provide general instruction for key areas and providers of service to the Fund. Also included here are sections which restate (and amplify) the roles and responsibilities of important parties and stress the importance of activities upon which the long term success of the Fund will hinge in whole or in part.
- \* **Fund Commissioners** - Fund Commissioners, each an elected official or municipal employee, are the backbone of the Fund. These individuals will in large measure control the success of the Fund by actively participating in the safety and loss control programs developed by the Fund for all members, and by implementing these programs in their respective municipalities. Fund Commissioners are encouraged to attend all meetings of the Fund, to serve on committees studying current issues, to enhance their knowledge of risk management, and to encourage consistent safe practices.
- \* **Fund Professionals and Risk Management Consultants** - Providers of professional services (Fund Professionals and Risk Management Consultants) to the Fund and individual member municipalities are strongly encouraged to participate in and promote Fund activities. The success of the Fund will, in part, be a reflection of the professionalism of those providers whose services are integral components of the Fund. Support of the concept of self-insurance, the Fund in general, and the risk management activities of member municipalities in particular are necessary elements of success.
- \* The Fund Bylaws allow each member municipality to provide for the services of an individual or firm to serve as the member's Risk Management Consultant and who shall serve as an Insurance Producer as defined under N.J.S.A. 17:22, and shall have demonstrated experience in the management of public sector insurances and risk management. The Risk Management Consultant shall not be an employee of the member. The Risk Management Consultant shall not be a Fund Commissioner.

- \* The Risk Management Consultant shall advise the member on matters relating to the Fund's operation and coverages. The Risk Management Consultant shall, in addition to such items as may be included in such individual's or firm's contract or agreement with the member, be governed by the following:
  - a) The Risk Management Consultant shall be retained by each member in conformance with applicable State Law or regulation;
  - b) Risk Management Consultants, who can not be local unit employees, shall be paid a fee not exceeding six (6%) percent of the member's assessment in accordance with the terms of the Risk Management Consultant's Agreement executed by the member; and
  - c) Specific responsibilities shall include, but not be limited to:
    - i.) Evaluation of the member's exposure;
    - ii.) Explanation of the various coverages available from the Fund;
    - iii.) Preparation of applications, statements of values, timely reporting of changes in exposures, and any other exposure based questionnaires and/or applications requested by the Fund;
    - iv.) Review of the local unit's assessment and assistance in preparing the member's insurance budget;
    - v.) Review and analysis of the member's safety engineering reports and periodic loss runs in order to help the member identify areas requiring greater attention;
    - vi.) Assist the member in establishing, monitoring and evaluating a safety committee and claims handling procedure;
    - vii.) Attend the majority of meetings of the Fund's Executive Committee; and
    - viii.) Analyze and recommend insurance coverages not offered through the Fund.
- \* Claims Response And Reserving - Were the philosophy of the Fund in these areas to be encapsulated into two sentences, they would read as follows:
  - a.) "The Fund will thoroughly review and respond to each claim presented so as to pay only that amount (if any) which it is legally bound and obligated to pay."; and

- b.) “Reserves shall be established on each claim presented in a manner which accurately reflects the full, known liability of the Fund at any given point in time”.

In reviewing each claim presented, the Fund (operating through its claims administrator and legal counsel) shall review such claims for coverage, deny those not falling within the purview of coverages offered, aggressively defend those in dispute, pursue to the fullest extent of the law those presented in bad faith, and settle as expeditiously as possible those for which the Fund is legally liable.

- \* Case reserves, including all types of applicable allocated loss adjusting expenses, will be established with an eye toward identifying the full exposure of the Fund and its excess insurance carriers at the earliest possible date. Reserves shall be periodically reviewed for accuracy and adjusted as needed. For claims aged eighteen (18) months or more, it is expected that reserves will be not less than 85% accurate. For claims aged thirty (30) months or more 95% accuracy is expected.
- \* Financial Management - Consistent with the objective of serving as a long term vehicle through which to stabilize the costs associated with insurance coverages, the underlying premise of the Fund’s financial base shall be one of conservative up-front funding, prudent investment of idle funds, and maintenance of stringent paper and audit trails. As is the case with all other aspects of the Fund, the financial assets of the Fund can well be considered as moneys held in public trust. Treatment and handling of these Funds must be accomplished in a manner which reflects the stewardship obligation of those whose hands through which they pass. All actuarial, investment, treasury and banking functions of the Fund are to be accomplished in a manner consistent with the same legal and administrative standards applicable to municipalities in the State of New Jersey.

Specific steps taken by the Fund during past years to enhance return on equity include:

- a.) implementing more favorable payment terms with various service providers so as to increase investment income;
- b.) Development and adoption of a Cash Management and Investment Policy which seeks the following objectives:
  - i.) Preservation of capital,
  - ii.) Adequate safekeeping of assets,
  - iii.) Maintenance of liquidity to meet operating needs, claims settlements, and dividends,

- iv.) Diversification of the JIF's portfolio to minimize risks associated with individual investments,
- v.) Maximization of total return, consistent with acceptable risk levels,
- vi.) Investment of assets in accordance with State and Federal laws and regulations,
- vii.) Accurate and timely reporting of interest earnings, gains and losses by line of coverage in each fund year,
- viii.) Cooperation with other local JIFs and the MEL in the planning and execution of investments in order to achieve economies of scale,
- ix.) Stability in the value of the JIF's economic surplus.

\* Safety And Loss Prevention - Every dollar spent to compensate for an avoidable loss, whether it be for property, workers' compensation or any other coverage afforded through the JIF, is a dollar which might better have been used to provide municipal services and conserve tax dollars. In an effort to avoid preventable loss and the financial and human hardships which result therefrom, the JIF (operating through the Fund's Safety Committee) will implement safety and loss control programs and procedures, directed at reducing or eliminating conditions or practices which lead to loss. These programs, implemented in progressive steps, will include items such as:

- a.) Member facility self-inspections supplemented by those conducted by the Fund's Safety Director;
- b.) Seminars or other training programs directed at specific areas of municipal operations from which losses are likely to occur;
- c.) Promotional safety incentive programs stressing safety in all areas of municipal operations and offering incentives for active participation by all Fund members.

### 13.) **Aggregate Excess Loss Contingency Fund**

In November of 1996, the Department of Banking and Insurance adopted administrative codes for municipal joint insurance funds like the BURLCOJIF, reference N.J.A.C. 11:15-2.1 et. seq. One aspect of these new regulations is the requirement that joint insurance funds either buy aggregate excess insurance or budget additional money to be collected from the members in an aggregate excess loss contingency fund. The

spirit of this portion of the administrative code is to provide even greater fiscal security to joint insurance funds than the security provided through the funding of loss retention accounts based upon an independent actuarial loss funding model.

The members view this requirement as supporting their primary objective to stabilize costs. The history of the Fund is to purchase aggregate excess insurance whenever possible to protect against a series of losses. However, the Fund has also observed that this is not always possible and has instead budgeted an additional amount of money as loss fund contingency in those years when aggregate excess insurance was either not available or too costly to consider. For the members, the Aggregate Excess Loss Contingency Fund is simply a new name for an established practice and the BURLCOJIF will continue its practice of budgeting extra money in the absence of commercially available aggregate excess insurance but will now refer to these monies as the Aggregate Excess Loss Contingency Fund.

The administrative code defines the Aggregate Excess Loss Contingency Fund as a separate fund which is always accounted for in the current fund fiscal year. The monies are set aside for a period of at least two years to pay for claim activity that exhausts loss funds in a claim retention account in the original fund year in which the monies were set aside. The code also defines the minimum statutory funding for this aggregate loss fund account and specifically states that nothing in the law shall prevent a joint insurance fund from funding this account at a higher level. Both the statute and administrative code governing the BURLCOJIF also require that any surplus and/or deficit in every retention account for each year is owned by the members who were a part of that year according to the percentage that their individual total contribution bears to the budget in that year. Contributions made to the Aggregate Excess Loss Contingency Fund are no different in this regard.

However, the Aggregate Excess Loss Contingency Fund is different than other loss retention accounts in two fundamental ways; the manner in which the BURLCOJIF must account for the funds and its use across all years by individual members. Because the Aggregate Excess Loss Contingency Fund moves from the current fiscal year forward to the succeeding fiscal year in its entirety and the statutory minimum funding associated with a specific fund fiscal year must be retained for a minimum of two years, this fund must always be accounted for on an individual member basis showing both a member's statutory encumbered portion and their statutory unencumbered portion.

As discussed above, the Aggregate Excess Loss Contingency Funds are intended to provide an immediate response to the need to replenish money in a loss fund account where the original loss funding has been consumed. It is also true that over time if the value of the projected ultimate cost of

claims within a loss retention account as defined by the claims administrator added to the Incurred But Not Reported (IBNR) values developed by the actuary do not exceed the original loss funding within a loss retention account after two years, the administrative code permits but does not mandate a full return of those aggregate excess loss contingency funds to their member owners. Thus, the aggregate excess loss contingency funds that are surplus and not yet returned can be used by members to pay for additional money needs in any fund year when and if needed. This provides members with the opportunity to accrue surplus aggregate excess loss contingency funds and use them across all fund years in much the same way they have used the Loss Fund Contingency money in earlier budgets as a safeguard across multi-line retention accounts in a given fund fiscal year.

In this regard, the Aggregate Excess Loss Contingency Fund is in part a protection against adverse development for both specific retention accounts as well as providing protection on a multi-year and multi-line loss basis.

The administrative code specifically permits a member to use released surplus funds in loss retention accounts to either take them in the form of a return of surplus or to be applied toward the payment of a future premium. As the unencumbered portion of the Aggregate Excess Loss Contingency Fund is an individual member owned surplus account, members with accrued surplus in this account can likewise use these funds in the same way.

Finally, the BURLCOJIF views the Aggregate Excess Loss Contingency Fund as a better version of the old Loss Fund Contingency. We believe it provides a stronger vehicle through which members can build a financial bank against adverse development on a multi-year and multi-line basis. It is the hope of the BURLCOJIF that members will use this fund to provide themselves with a financial vehicle through which they can manage an additional assessment with no cost to their municipality or pay future insurance premiums to stabilize costs, or both.

## **Administrative Policies & Procedures**

**Date Adopted: April 17, 2007**

**POLICY:** Conference Attendance

**PURPOSE:** To Establish a Protocol for Attendance at Various Training Conferences

\*\*\*\*\*

It is the practice of the Burlington County Municipal Joint Insurance Fund (BURLCO JIF) to encourage the further education of its members in Risk Management issues by providing a limited number of Fund Commissioners an opportunity to attend various industry conferences during a Fund Year. These conferences include those offered by Public Risk Management Association (PRIMA) and the Association of Government Risk Insurance Pools (AGRIP).

Because the Fund affords a limited number of Fund Commissioners an opportunity to attend this conference, and it is possible that more Commissioners may wish to attend a conference than positions are available, it is important that the Fund have a procedure establishing clear guidelines and preferences for Commissioner attendance. Each fall, the Finance Committee shall prepare the annual Conference budget and set forth the number of available openings for conference attendance the following year.

### **ANNUAL PRIMA CONFERENCE**

The following procedure shall be followed in determining the Fund Commissioners who will attend the **Annual PRIMA Conference**:

1. **Executive Committee Members** – At the beginning of each year, the Executive Director's office shall notify members of the Executive Committee of the opportunity to attend the Annual PRIMA Conference. Members shall be given a deadline to respond. Attendees will be determined based upon their date of response on a first come first served basis.
2. **Alternate Executive Committee Members** - If after the deadline has passed, additional positions remain open, an invitation shall be extended to the Executive Committee Alternates. Responses to the invitations must be received no later than February 1st. Attendees will be determined based upon their date of response on a first come first served basis.
3. **Fund Commissioners** - In the event that positions to attend the Annual PRIMA Conference remain open after invitations have been extended to the Executive Committee members and Alternates, the Executive

Director's Office shall announce at the February Executive Committee meeting the opportunity for remaining Fund Commissioners to attend the conference with a response deadline of March 1<sup>st</sup>. Attendees will be determined based upon their date of response on a first come first served basis.

No additional announcements regarding opportunities to attend the annual PRIMA Conference shall be made after the February Executive Committee meeting.

## **AGRIP CONFERENCE**

The following procedure shall be followed in determining the Fund Commissioners eligible to attend any of the **AGRIP Conferences**.

1. In January of each year, the Executive Director's office shall notify in writing the members and alternate members of the Executive Committee, as well as the Chairs of the Standing Sub Committees, of the AGRIP Conferences scheduled for the Fund Year requesting that each Commissioner notify the Executive Director's office in writing of any of the conferences they would like to attend. If more than one conference is requested, preference must be indicated by the individual.
2. The Executive Director's office shall keep track of the date of, number of, and specific AGRIP conference that the Commissioners wish to attend along with the date they responded.
3. In the event that more Fund Commissioners ask to attend a conference than positions available, priority shall be given in the following order:
  - Fund Chair
  - Fund Secretary
  - Executive Committee members in their order of succession
  - Alternate Executive Committee members in their order of succession
  - Committee Chairs
4. Priority among the Committee Chairs who are not Executive/Alternate Executive Committee members shall be determined based on the date of their response. However, further priority shall be given to the above individuals who are not scheduled to attend a conference during the current Fund Year.
5. Due to the AGRIP Conferences being held periodically during the year, the Executive Director's office shall send reminders of upcoming conferences to the members and alternate members of the Executive Committee, as well as the Chairs of the Standing Sub Committees, of upcoming conferences and any available positions to attend these conferences.
6. In the event that funded positions for attendance at the Spring AGRIP Conference are unused, additional members may attend one or more of the remaining AGRIP Conferences as long as the total number of attendees does not exceed that which is budgeted for the Fund Year.

## **CONFERENCE REIMBURSEMENT GUIDELINES**

1. Each attendee at the PRIMA conference shall be eligible for up to \$1,750 in reimbursable expenses. Reimbursable expenses are defined in the Fund's *Travel & Reimbursement Policy* adopted by the Fund at its Annual Reorganization meeting.
2. Prior to receiving a final reimbursement from the Fund, attendees at each conference shall provide the membership, at the next Executive Committee meeting following their return, with a summary report of the seminars they attended. Any written materials that the attendee brings from the conference shall be made available to the Executive Director's office for copying and distribution to any Fund Commissioner upon their request.

\*\*\*\*\*

Arthur J. Gallagher Risk Management Services, Inc. has served as Administrator for the Burlington County Municipal Joint Insurance Fund, hereinafter referred to as "Fund", since January 1, 1991. The Public Entity Practice within our firm presently confines its practice to providing professional administration, brokerage, and consulting service to large individual and pooled public entity self-insureds.

The Brokerage Division of our firm provides a full range of conventional insurance sales and service, including personal and commercial property, casualty, and employee benefits. In the past, our firm has provided Risk Management Consulting Services to individual municipalities having membership in joint insurance funds administered by Arthur J. The purpose of this disclosure memo is to publicly advise the Officers, Executive Committee, and Commissioners that Arthur J. Gallagher Risk Management Services, Inc. fulfills the roles of Fund Administrator and in some cases, members' Risk Management Consultant. In the case of this Fund, Arthur J. Gallagher Risk Management Services, Inc. does not presently serve as Risk Management Consultant for any member municipalities.

Beginning January 1, 2011, Arthur J. Gallagher Risk Management Services, Inc. began placing Employment Practices Liability and Public Officials Liability coverage for the Fund. Beginning on January 1, 2012 Arthur J. Gallagher Risk Management Services, Inc. began placing Volunteer Directors and Officers Insurance for the Fund. Finally, beginning January 1, 2013, Arthur J. Gallagher Risk Management Services, Inc.. began placing Cyber Liability Insurance for the Fund. In this capacity, we are compensated at a rate of 3.25% of written premiums for placing Employment Practices Liability, Public Officials Liability, and Volunteer Directors and Officers coverage and 2.50% of written premiums for placing Cyber Liability Insurance for the Fund. Arthur J. Gallagher Risk Management Services, Inc. also serves as the Deputy Executive Director of the MEL Residual Claims Fund and as the Producer for the placement of Excess Insurance for the Municipal Excess Liability Joint Insurance Fund.

The only revenue derived from the Burlington County Municipal Joint Insurance Fund is the fee that we are paid under contract to provide administrative services and the above referenced insurance placement to the Fund.

The Fund Secretary has been asked to incorporate this memo into the minutes of the January Reorganization meeting and make it a permanent record of the Fund.

## Section Twenty Settlements and Subrogation Rights

John H. Geaney December 14, 2018 Workers' Comp 0 Comments

Section 20 settlements are not technically payments of workers' compensation benefits except for insurance rating purposes. These settlements are popular with employers because the file can be closed for good with no potential for a reopener claim. In many states, the Section 20 settlement is called a full and final settlement. But does a Section 20 settlement mean that the employer has no subrogation rights as to medical, temporary or permanency payments when the injured worker has a good third party case arising from the work accident?

It is important for practitioners to consider at the time of a Section 20 settlement whether there is a third party case pending. If so, the issue arises whether the employer has a lien on medical and temporary disability benefits paid prior to the settlement. Example: suppose the employer pays \$30,000 in medical and temporary disability benefits to a claimant, who has a good third party lawsuit which he will eventually settle for \$100,000. There are causation issues in the workers' compensation case such that the parties agree to settle the permanency claim petition months later for \$45,000 on a Section 20. On the day of settlement, no one mentions anything about the prior payments of \$30,000 for medical and temporary benefits. The Judge of Compensation approves the Section 20 settlement for \$45,000. A few days later the third party case settles for \$100,000, and the employer requests reimbursement of two thirds of the \$20,000 it has paid in medical and temporary disability benefits.

Does the claimant owe the employer \$20,000 minus \$750 in costs of suit? The answer is yes, according to Aetna Life & Cas. v. Estate of Engard, 218 N.J. Super. 239 (Law Div. 1986). The \$45,000 payment under the Section 20 is not lienable, but the prior medical and temporary disability benefits made well before the case settled remain lienable. Best practice would be to place all of this on the record so that the injured worker is well aware that only the \$45,000 Section 20 payment will escape the respondent's lien, not the prior medical and temporary disability benefits.

Suppose the defense attorney in the same case negotiated with the petitioner's attorney to allow the \$45,000 Section 20 payment to be lienable? Can that be done in New Jersey when a Section 20 payment is not really a payment of workers' compensation benefits? Yes, according to Calle v. Hitachi Power Tools, No. A-1015-09T1 (App. Div. February 15, 2011). This situation seldom happens in workers' compensation court. But the parties are free to negotiate the terms of a settlement whereby the petitioner agrees to permit a Section 20 payment to be lienable. The Judge of Compensation must, of course, approve the entire settlement, including this aspect of the settlement.

The intention to make the Section 20 payment lienable should be placed on the actual court order and on the record, thereby making clear that respondent has a lien on the Section 20 payment itself.

## Triennial Recalculation Issue Decided in Favor of Respondents and 2nd Injury Fund

John H. Geaney   December 26, 2018   Awards   0 Comments

The Honorable Joshua Friedman decided an issue this month that has been pending for several years regarding calculation of the Social Security Disability offsets in workers' compensation cases for petitioners under the age of 62. A petitioner's attorney had brought motions in five cases including one handled by our office, asserting that the SSD offset had been calculated incorrectly because the petitioner's rate should change and increase every three years in accordance with rate changes in Social Security – the triennial recalculation. While we do not normally write about cases decided in the Division of Workers' Compensation, this case is an exception because it is the only decision that we know of in the state dealing with the issue of triennial recalculation.

The total and permanent disability provision of the workers' compensation statute NJSA 34:15-95.5 indicates that offsets should be calculated in conjunction with the SSD statute 42 USC 424(a). In most states, if a petitioner gets both SSD and workers' compensation the SSD is reduced to insure that the petitioner does not earn more than his 80% average current earnings. In a handful of states, including NJ, there is a "reverse offset" – if the combination of SSD and workers' compensation is more than the 80% average current earnings (ACE), then the workers' compensation rate is reduced, not the SSD. This offset can make a total disability award very attractive monetarily for the respondent and the Fund. This offset is only applicable for total and permanent disability resolutions.

The petitioner's attorney had argued that since SSD re-determines the ACE every three years that workers' compensation was required to do the same. This would mean that every offset case would have the rate increased every three years by an amount determined by Social Security which takes in effect national wage factors, inflation, cost of living etc. The effect of the change that the petitioner was seeking would be to both increase the exposure for every total disability case for a worker under 62 and also insert uncertainty regarding the amount of the award. Another potential issue is that any change in the NJ workers' compensation statute regarding the offset could result in the loss of the "reverse offset" for the entire state, converting NJ to a state where Social Security, rather than workers' compensation gets the offset.

The motions were pending for a very long time with multiple briefs provided by each party and testimony offered regarding legislative intent regarding NJSA 34:15 – 95.5. and Social Security. In his decision, Judge Friedman stated that the triennial

recalculation is essentially a cost of living adjustment, which was not contemplated by the Workers' Compensation Act. He also found important the fact that Social Security does not make triennial recalculations in reverse offset states. He believed that the calculations that the petitioner's attorney provided were merely hypothetical, not official calculations from Social Security. Judge Friedman also decided that the Supremacy Clause, which holds that Federal law pre-empts conflicting State law, was not applicable because there was no intent in the Federal law to "occupy the field" for payment of workers' compensation disability benefits.

This decision is a very favorable outcome for the respondents and the Fund. A contrary decision would have been extremely disruptive to both pending total and permanent disability cases and potentially cases already settled or tried. At this time we do not know if the case will be appealed. **Claire Ringel** of our office handled this case for respondent Burlington County. Please direct any questions regarding this issue to her.

## About the Fire Service CDL Exemption

Periodically, the Safety Director is asked about the specifics or limitations of the exemption granted to the fire service, first aid and rescue agencies, and the office of emergency management (OEM). Upon an examination of the exemption, we provide the following guidance.

Title 39:3-10k states, “unless otherwise required by federal law or regulations, and subject to any rules and regulations promulgated pursuant to the provisions of this act, no designated operator of firefighting apparatus ... or operator of emergency or rescue equipment operated for the purposes of a first aid, ambulance, or rescue squad or for disaster control shall be subject to the licensing provisions of the “Commercial Motor Vehicle Safety Act of 1986.” 39:310k1 specifically extends the exemption to the local offices of emergency management.

The wording does not specify any limitations to the exemption. The Safety Director is also not aware of federal laws, or further regulations of this provision that places any limitations or restrictions on this exemption. **It is the opinion of the Safety Director that the exemption extends to any designated operator of fire apparatus, rescue unit, or OEM vehicle who operates that vehicle for emergency responses, drills, parades, repair and maintenance in the State of New Jersey.** This is a State exemption, so non-emergency operation of vehicles over 26,000 gross vehicle weight beyond the State borders should be performed by a properly licensed and credentialed holder of a Commercial Drivers’ License.

The Safety Director recommends emergency agencies update their lists of designated drivers / operators on at least a yearly basis. It is also important to have a comprehensive driver training program and driver training records. The Safety Director can assist agencies with written policies, initial and refresher training programs and resources, and with in-house accident investigations.

Specific concerns regarding the operation of your agency’s vehicles can be brought to the attention of your town’s or district’s attorney. Members can also contact their Risk Manager with insurance or coverage questions.

This bulletin is intended for general information purposes only. It should not be construed as legal advice or legal opinion regarding any specific or factual situation. Always follow your organization’s policies and procedures as presented by your manager or supervisor. For further information regarding this bulletin, contact your Safety Director at 877.398.3046.

## **Conducting Motor Vehicle Record Checks**

Public entities have many employees who operate vehicles as part of their duties. Law enforcement officers are on patrol around the clock. Volunteer firefighters and emergency medical technicians respond in their private vehicles before getting in apparatus and ambulances. Public works and utility employees drive large vehicles that require Commercial Drivers Licenses (CDL). Administrative personnel and elected officials may occasionally use agency or private vehicles to conduct official business. **Public agencies must verify that all employees who drive on the agency's behalf possess a valid driver's license and an acceptable driving record.**

Public employers should have a motor vehicle policy that encompasses all the types of drivers under their auspices. The Model Employee Handbook on the MEL website ([www.njmel.org](http://www.njmel.org)) includes a basic motor vehicle policy under the Insurance & Claims drop-down menu. Department managers will most likely need to supplement the basic policy to fully reflect their operations such as for CDL drivers, emergency operations, or employees who drive their personal vehicles. The Safety Directors recommend Motor Vehicle Records (MVRs) be reviewed at the following times:

- Once a year for all full-time, part-time, seasonal and volunteer employees who drive an agency or personal vehicle as part of their job responsibilities,
- As part of the pre-employment screening process, and
- Before approving volunteer firefighters, EMTs, or OEM personnel's "Blue Light" applications.

An employer may order MVRs on their employees under the Federal Driver's Privacy Act which defines the following "permissible uses" of an MVR:

- i. For use by any governmental agency...in carrying out its functions...
- ii. For use by an employer ... to obtain or verify information relating to a holder of a commercial drivers license (CDL) that is required under Chapter 313 of Title 49.

**Employees must be made aware their MVRs will be checked periodically.** The N.J. Motor Vehicle Commission requires employees to sign an acknowledgment that they are aware the employer obtains driving history abstracts before operating a motor vehicle on employer business, and periodically thereafter. The signed release can be part of your Employee Handbook or a specific release to check the employee's MVRs. Work with your solicitor to draft a release that conforms to the organization's operations and any collective bargaining agreements. Each year the State will verify signed releases are on file.

## **WHO SHOULD OBTAIN THE MVR ABSTRACTS?**

Designate one or two authorized individuals to order the MVRs from the N.J. Motor Vehicle Commission. MVRs may not be obtained through the local Police Department. Authorized individuals may be the Clerk, an Administrator, a Human Resource representative or the Police Chief. The designated individual must understand they may not share the information with unauthorized individuals as required by the Driver Privacy Protection Act. **Remember, these are confidential reports.** Department heads who review or act upon the MVR reports must also be aware of the confidential nature of driving histories.

This bulletin is intended for general information purposes only. It should not be construed as legal advice or legal opinion regarding any specific or factual situation. Always follow your organization's policies and procedures as presented by your manager or supervisor. For further information regarding this bulletin, contact your Safety Director at 877.398.3046.

## **HOW DO I ORDER MVRs?**

New Jersey public entities can order MVR abstracts from the NJ Motor Vehicle Commission (NJMVC). If you are ordering a small number of MVRs per year, then you are eligible to request MVRs by mail. Mail your request on letterhead to N. J. Motor Vehicle Commission, Business and Government Services, 225 East State Street, 3rd Floor East Wing, P.O. Box 122, Trenton, NJ 08666-0122. If you have any questions, you can call 609-292-4572. There is an annual fee for this service.

Public employers requiring larger numbers of MVRs will need to establish a Customer Abstract Information Retrieval (CAIR) account by applying online at <http://www.state.nj.us/mvc/business/cairrecords.htm>. An Individual User Guide is available on the CAIR homepage. **CAIR regulations require users to log in to their account at least every 90 days, or their account will be suspended. The Password must be updated every 45 days. Suspended accounts will need to be reactivated by a CAIR Administrator. The Safety Director suggests users put a reminder on their calendars.**

## **HOW DO I EVALUATE INFORMATION ON THE MVR?**

A **sample policy for evaluating MVR information** is provided below. It is up to each public employer to establish evaluation standards for their agency in consultation with their agency's attorney. The policy must be enforced consistently and without discrimination.

*All employees authorized to drive vehicles owned, leased, or controlled by the [Public Entity Name] or use their personal vehicles to conduct business on behalf of the [Entity Name] may have their MVRs reviewed prior to entrustment of a vehicle and annually thereafter.*

*Drivers with acceptable, marginal or probation grading **may** be allowed to operate [Entity Name] vehicles or their personal vehicles to conduct business on behalf of the agency.*

*Drivers with marginal or probation grading will have their MVRs reviewed more frequently. [Semiannual or quarterly reports are recommended] Additional violations or accidents may result in suspension of driving privileges for [Public Entity / Department Name].*

*Drivers with unacceptable driving records will not be permitted to operate an agency or their personal vehicle to conduct business on behalf of [Public Entity Name].*

**Acceptable:** *No moving violations and/or preventable accidents over the last 36 months.*

**Marginal:** *Up to 2 moving violations and/or preventable accidents in the last 36 months.*

**Probation:** *Up to 3 moving violations and/or preventable accidents within the last 36 months.*

**Unacceptable:** *More than three moving violations and preventable accidents within the last 36 months, or more than two moving violations and/or preventable accidents within the most recent year, or **any** of the violations listed below:*

- *Driving while under the influence (DWI or DUI)*
- *Leaving the scene of an accident*
- *Reckless driving violations*
- *Homicide or assault through the use of a motor vehicle*
- *Drivers who currently have a revoked or suspended license*

***If an accident is shown on an MVR, it will be assumed to be an 'at-fault' accident. Any change to such a classification will be made only upon receipt of a police report or ruling from an accident review panel showing that the driver in question was not at fault.***

Please contact your Safety Director or the State Motor Vehicle Commission if you have additional Motor Vehicle Record questions.

## **Avoiding Deer – Vehicle Collisions**

Autumn is the deer breeding season, or ‘rut’. The rut brings a peak in deer movement and we experience more deer on New Jersey roads, leading to a number of deer-vehicle collisions. Municipal vehicles are not immune from this hazard and in some cases, their operations can increase the likelihood, such as the 24 / 7 / 365 operations of police, fire and EMS agencies. The Safety Director offers the following best practices for avoiding deer-vehicle collisions.

**Know your local ‘Danger Zones’** – As you conduct your everyday business, learn the local areas where you see more deer than other places all year-round. Often these are places where trees form pinch points that create natural funnels. Pay extra attention to these areas, and mentally mark them as danger zones. Make a mental note of the locations of the deer crossing warning signs.

**Be vigilant** – This is your most effective defense against a deer - vehicle collision. In areas where woodlands adjoin the roadway, be on the lookout in the ditches and forest edges for deer. Deer are most active at dusk and dawn: periods when your vision is most compromised. To add to their terrible timing, deer are most on the move after we turn our clocks back an hour and you are more likely to travel in darkness. You may also spot a deer because their eyes will brightly reflect a car’s headlights, making them easier to spot.

**Avoid distractions** – There are a lot of things in work vehicles that can take our attention away from the road; radios, cell phones, computers, and conversations with passengers. Make a conscious decision to resist these distractions as much as possible, especially in danger zones.

**Slow Down Early** – When you think you see a deer ahead, slow down and be prepared to completely stop if necessary. At night, deer may be blinded or confused by your headlights. They may not be sure if there is danger or where it is located and may dart suddenly in front of you. Depending on traffic, you may also be able to move towards the center of the road giving you more time to react if the deer decides to enter the road.

**Blow Your Horn** – Once you spot a deer standing on the roadside ahead, slow down and blow your horn. The structure of a deer’s ears, and their ability to pivot each ear independently, makes them very good at pinpointing the locations of sounds. Some experts recommend that one long blast of the horn will scare deer out of the road. Do not rely on hood whistles or other devices designed to scare off deer. University of Georgia researchers tested a variety of sounds of different frequencies and intensities to see how deer on a roadway reacted. These sounds, emitted from a specially equipped car, included a wide range of the high-frequency sounds that “deer whistles” are claimed to emit. In hundreds of trials, high-frequency whistles did not change deer behavior from the way they reacted when no sound was being emitted.

**Use your high beams** – When traveling at night in suburban or rural areas, use your high beams whenever possible to help you spot deer on the roadside. Of course, don’t forget to dim your lights for oncoming traffic.

**Anticipate more than one deer** – Deer are pack animals, and rarely travel alone. If a deer crosses in front of you, chances are there are more nearby. During the rut, a doe that runs across the road is very likely to be followed by one or more bucks. If you see one deer run across the road ahead of you, slow down and be prepared to stop.

This bulletin is intended for general information purposes only. It should not be construed as legal advice or legal opinion regarding any specific or factual situation. Always follow your organization’s policies and procedures as presented by your manager or supervisor. For further information regarding this bulletin, contact your Safety Director at 877.398.3046.

**Do not swerve to avoid hitting the animal** - If you see a deer, brake firmly and calmly, and stay in your lane. Do not swerve into the opposite lane or onto the shoulder of the road to avoid hitting the deer. Swerving or oversteering could make you lose control of your vehicle and turn a bad situation much worse. Deer can be unpredictable, and you could actually swerve directly into their changed path of travel.

Experts advise braking firmly up until the very last second of impact, and then releasing the brakes. This should propel the deer away from your vehicle instead of on to the hood or windshield. Should the animal make contact with the windshield, there's a chance it will smash through, causing the driver to lose control of the vehicle, resulting in serious injury and in some cases, even death to the driver and passengers.

**Wear your seatbelt** – While wearing a seatbelt may not help prevent a collision with a deer, if the situation worsens and an impact is inevitable, it may lessen the consequences. A seat belt will keep you behind the steering wheel and in a better position to operate the controls of the car.

**Investigate new technology** – Researchers are constantly searching for new and innovative solutions to the hazards of deer – vehicle collisions. For example, developers have introduced a siren that they claim produces a sound wave that better scares deer away from the source of the noise. While the Safety Director does not recommend any particular product, we do recommend members evaluate for themselves promising new products, procedures, or ideas. We also promote sharing of successes among members.

**If you are involved in a deer – vehicle collision:**

1. Stay calm.
2. Move your vehicle to a safe place. If possible, pull over to the side of the road and onto the shoulder. Most accidents occur between dusk and dawn; times when you or your vehicle may be less visible to other motorists. Get out of your vehicle and stand in a safe place, well off the roadway.
3. Turn on your hazard lights.
4. New Jersey law requires you to call 9-1-1 if persons were injured or there is property or vehicle damage in excess of \$500.00. The Safety Director recommends the police be notified of any deer-vehicle collision involving a public vehicle or a personal vehicle being driven on official business.
5. Notify your supervisor.
6. Stay away from the deer. If it is still alive, it could be confused, injured and dangerous if approached. A wounded deer could use its powerful legs and sharp hooves to harm you. When contacting the authorities, let them know if the deer is injured or blocking traffic or creating a threat for other drivers so that it can be quickly handled.
7. Document the incident: If it's safe to do so, take photographs of the roadway, your surroundings, damage to your vehicle, and any injuries you or your passengers sustained. If witnesses stop, take down their account of what occurred and ask for their contact information.

### JANUARY ACTIVITY & PLANNED EVENTS

**Florence** – Ended 2018 with a successful Maintain Don't Gain throughout the year. Out of 18 participants, 11 either maintained or lost every month. Total pounds lost was 181.20; three (3) employees losing over 20lbs each with the top "loser" reaching nearly 44lbs! They are planning on another year long challenge in 2019 "Are you a Maintainer or Loser?" Details to come.

**Hainesport** – Already had a planning meeting to lay out ideas and activities for the year. Starting off with a Monday Mover where a different exercise will be done each Monday to start everyone's week off together.

**Mt. Laurel** – EMS Chief interested in offering a presentation or demo every other month. Working on one for January. Also looking to have fresh fruit and portion control healthy snack options available for EMT. Ended the year with tips from RD on healthier options to have for meal prep.

**Southampton** - Using some of their encumbered wellness funds to have a healthy lunch and offer chair massages this month. Also a good way to "kickoff" the new year.

**Working on setting up planning meetings with all the members to take place over the course of the next two months. Goal is to formulate a plan for implementing effective wellness initiatives and allocating wellness funds early in the year to avoid losing them at the end.**

#### 2018 Wellness Funds Encumbered:

The FINAL Date to claim encumbered Wellness Funds is February 1<sup>st</sup>, 2019. Please try to have all receipts and vouchers to Tracy Forlenza by Jan 31<sup>st</sup>.

#### January Wellness Connection Newsletter

In my January Wellness Corner Connection Newsletter, I focus on how you can start to "change habits" that can lead to goal success and overall well-being! You'll find information on:

- Why habits are hard to break
- The habit loop
- How to change a habit
- And determining what stage of change you're in...key to successfully changing a habit

By request, I have created another "**Reflection Calendar**" for January. Just a few things to keep in mind as you begin the New Year. I will try to provide these calendars periodically throughout 2019. I am always open to your ideas, comments and suggestions.

#### Looking at 2019:

1. **Set up a meeting** with me to begin laying out a plan for 2019 Wellness – All of you should have received an email from me initiating conversation for setting up our first Planning Meeting. Some of you have already planned to meet with me. Thank you! Others I have just asked that you let me know the best time to reach back out to you since January can be a transitional time. Let's plan to use the Wellness Funds throughout the year not Jan 2020! J
2. **Goal** – to have at least one Wellness Event/Initiative/Challenge a quarter in an effort to create consistency and a "culture of wellness".
3. **Wellness Committee** – No matter what size municipality you manage, my hope is that I can encourage the implementation of a small Wellness Committee who can meet with me either quarterly or at least two times this year.
4. **Employee Needs Assessment**- If it has been awhile since our last Employee Interest Survey, it may be a good time to distribute another as we prepare for planning Wellness Activities for 2019. Please let me know if you are interested and I can forward a sample survey to you.

**A Goal  
without  
a Plan  
is just  
a Wish**

## Don't Make Resolutions, Create HEALTHY Habits!

**Habits: Why Are Some So Hard To Break?** Resource: Johns Hopkins Health Review

The great English writer Samuel Johnson once said, "*The chains of habit are too weak to be felt, until they are too strong to be broken.*"

We have all, at some point, have tried to break a bad habit just by telling ourselves "I won't do that anymore", "I am going to quit today" or "After the New Year I'm going to ..." and yet even with that mindset, our efforts often fail us.

### Why are habits so hard to break?

Habits enable us to complete tasks quickly and efficiently without using a lot of "brain power". They are automatic and occur without thought. In some instances, they can actually be quite handy. Imagine the daily task of brushing your teeth. You do not have to think about the steps: I'm going to pick up my tooth brush, I'm going to put toothpaste on the brush, I'm going to brush up and down...you get the picture. All you have to say is think "I'm going to brush my teeth" and your brain automatically guides you through the steps without any further thought.

We rely on habits to successfully get us through the day. As Charles Duhigg writes in *The Power of Habit*, "without habits, our brains would shut down, overwhelmed by the [details] of everyday life."

### So what is a habit?

It's something you do automatically when in a particular situation, or in response to a particular image, sound, or smell. It has been learned through repeatedly performing an action. Just performing the behavior doesn't make it a habit. However, if you behave a certain way in response to a particular situation and that becomes your default behavior, then it is a habit.

Think of it this way: **Neurons** that fire together, wire together. So if the neurons that respond to a particular cue or trigger fire the same time as neurons that cause a particular behavior, the connection between these neurons will become stronger thus forming a habit. If you receive a reward for performing a said behavior (relaxed feeling, good tasting food, praise) the bond is strengthened even more.

How quickly someone learns a habit depends on how strong the reward is and the regularity with which the action is performed. For instance, a habit will grow stronger and faster if it's done exactly the same way every morning.

### 80% of New Year resolutions fail by February because:

1. Your goals aren't clear.
2. You feel overwhelmed.
3. You feel discouraged.
4. You're not ready to change.

A **neuron** is a cell that can transmit electrical and chemical signals. Neurons are considered to be the *building blocks of the nervous system* and make up the major nerve pathways that are responsible for communicating information throughout the body.

**The Habit Loop: How Habits Form** Resource: Examined Existence

For a habit to start and continue, there are *three essential parts*: the cue (or trigger), the routine (or behavior), and the reward.

**The cue** – this is the trigger that tells your brain to go into cruise control or automatic mode allowing a specific behavior to occur. The cue can be a person, place, thing or feeling.

Usually there is a clear trigger that starts the pattern. Sometimes the triggers are emotional – the wanting a drink or cigarette or nail biting driven by stress. Other times the trigger is more simply situational and environmental: You see the TV and couch as soon as you hit the front door, and now your brain connects the dots, and eating dinner in front of the TV on the couch is not far behind. More often, it is a combination of both – the mix of social anxiety and the party environment leads to your heavier drinking.

**The routine (behavior)** – an action that can be mental, emotional or physical. This is what makes a habit, a habit!

**The reward** – this is what makes the habit worthwhile according to your brain. Sometimes they may not seem like "rewards" when they cause you financial, physical, or emotional pain. Yet when you perform the particular behavior, you get a shot of endorphins (a "feel-good" chemical) that builds a "connection" in your brain which says routine = reward. Runners get "runner's high" or the release of endorphins after a run, that's the reward. Smokers get the same chemical reaction in the brain when they smoke. Even checking your email can give you that shot of endorphins even though you might not see it as a reward.

"We first make our  
habits, and then our  
habits make us."

## How To Change a Habit

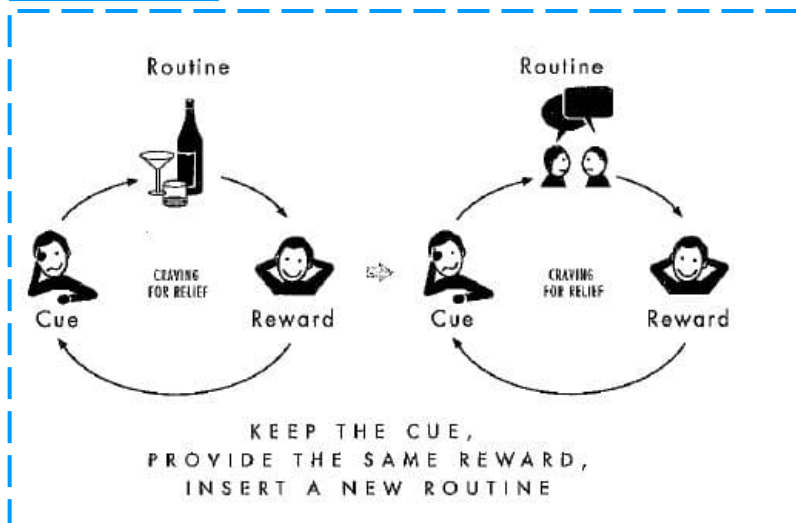

- \* **Develop new habits**
- \* **Set up reminders**
- \* **Hide the things you don't want to trigger old habits**
- \* **Be aware**
- \* **Eliminate distractions**

Although breaking habits is never easy, the "rule" in doing so is simple...**replace the routine (or automatic behavior) with a new routine.** Easier said than done, right? Perhaps, but it definitely works if you are ready to give it time! That's the hardest part. Your brain wants to go back to what was easy, comfortable, automatic. To change that you must **consciously** replace it with something new.

Keep the cue and the reward the same, but replace the routine. For example you want to quit smoking, instead of smoking (the routine) when you have a craving brought on by stress (the cue), you can go for a walk with someone and talk through it. And similarly, if you want to start a new habit, all you have to do is create or identify a cue that will initiate a routine. For example, bring your sneakers to work. When you see them, it triggers taking a walk at lunch.

In the picture to the left below, we see the cue is stress, which leads to the routine of alcohol use, leading to a reward of relaxation and feeling better. In the picture to the right, we keep the cue and the reward the same, but we just change the routine, and thereby breaking the habit of resorting to alcohol to solve problems. It's not going to happen right away.

Sometimes it's difficult to identify the triggers. If this is true for you, work backwards. When you crave the drink or cigarette, slow down and use your **awareness** of the behavior as a signal to ask yourself: "what emotionally is going on right now to cause this routine?"

Breaking habits isn't  
about  
**STOPPING**  
but  
**SUBSTITUTING.**

### Steps to get you started:

- ⇒ Define the concrete behavior you want to change or develop (stop eating so much junk food after dinner)
- ⇒ Identify the triggers (bored, stressed, lonely, watching TV)
- ⇒ Deal with the triggers (remove all junk food from your house)
- ⇒ Develop a substitute plan (read a book, go for a walk after dinner)
- ⇒ Change the larger pattern (don't grocery shop when hungry or stressed which may lead you to buy the junk food in the first place)
- ⇒ Use prompts (reminders to help you break the habit i.e. putting your shoes by the TV to remind you to walk not sit on the couch)
- ⇒ Get support (call a friend, ask your spouse to walk with you, walk the dog)
- ⇒ Support and reward yourself (save the money you would have spent on junk food to buy yourself something you have always wanted)
- ⇒ Be persistent and patient – don't beat yourself up for slip-ups. One day at a time!
- ⇒ Consider getting professional help

## Make This Year Different!

This year, make a promise to yourself, not just to lose those extra pounds that seem to be creeping on, not just to exercise more or get more sleep, but to really **change the way you face life**. Change the way you think about yourself, your job, your health, your purpose! This is a time for a new beginning. And take every minute of it to keep moving forward. What is it you want from your life? What is holding you back? I hope as we go forward in this new year, I can help, even if in a small way, by providing you with information, resources, “food for thought” that will remind you to keep moving forward towards your goal of changing old habits! Stay focused on all you do right and remember only you can choose to make your life your own! You can do it if you believe you can!

Believe  
you can  
— & —  
you're halfway  
there.

### Are You READY to Make A Change?

I have written about this before but thought it was a perfect time to revisit since we're talking about changing habits. To be successful with any change, one needs to be in the right “stage” of change. There are six stages we all go through as we attempt to “break” a bad habit or just make healthier life choices. It's important that we understand where we are to seek the support we need to follow through. Where are you?

#### Precontemplation Stage (Not ready)

Individuals in this stage are not even thinking about making a change in the foreseeable future, usually measured as the next six months. Being uninformed or under informed may be a reason one stays in this stage. It may also be due to multiple unsuccessful attempts that has lead to demoralization about the ability to change. Reasons for this obliviousness to change can be categorized as “the Four R's”:

**Reluctant** precontemplators are those who through lack of knowledge or disinterest do not want to consider change. They have not come to terms with the impact of the problem.

**Rebellious** precontemplators have a heavy investment in the “habit” and in making their own decisions. They are resistant to being told what to do or advised on making changes for their own health.

**Resigned** precontemplators have given up hope about the possibility of change and seem overwhelmed by the problem. Many have made many attempts without success.

**Rationalizing** precontemplators have all the answers; they have plenty of reasons why their habit is not a problem or why it is a problem for others but not them.

#### Contemplation Stage (Getting ready)

Those in this stage are willing to consider the possibility that they may have a problem or making a change would be in their best interest. They also have hope that change can take place. However, they are still on the fence and have not yet made a commitment to take necessary steps required to change. Those in this stage are usually interested in learning more; they realize their current habit is creating problems, and they often have a mental list of all the reasons why changing would be beneficial.

Often, with the help of another, they can learn to consider the pros and cons of their behavior and why change may be the right thing to do at this time.

#### Preparation Stage (Ready)

Here, people intend to take action in the immediate future, usually within the next month. All the weighing of pros and cons, all the thought given to why this is a good thing to do finally tips the balance in favor of change. The determination to change finally presents itself. The individual is ready to make a commitment to take action. These individuals of a plan of action, such as joining a gym, consulting a counselor, talking to their physician, seeing a nutritionist or relying on a self-change approach.

#### Action Stage (Implementing the Plan)

In this stage, individuals have put their plan into action within the last six months. This typically involves making some public commitment to change which also lends itself to obtaining the support needed and creates external monitors to stay on track. Not breeds success but success! Seeing progress and gaining confidence will help to make this change a permanent one.

#### Maintenance Stage (Relapse and Recycling)

The Action stage usually takes anywhere from three to six months to complete. Change requires building new patterns over time. The real test of change is long-term sustainability. During the maintenance stage, the old patterns become less likely to reoccur and the desire to return to them less intense. Confidence increases that they can continue the journey they started.

## What's Your Motivator?

### 'One Good Thought' to Change your Harm- ful Habit

Reminding yourself of core values such as family, health, helping others can activate your sense of purpose and boost your motivation to change.

Many times I hear people saying "I'd really like to change but I just don't have the motivation". Although my typical response would be that motivation will follow once some progress is seen, what is really needed is a "motivator". This does not mean you have to have someone by your side 24/7 edging you on...the "motivator" is something **you** choose. Examples could be:

- Pain motivators, like fear of dying or getting a disease
- Meaningful motivators that bring a stronger sense of purpose to your life, like being a good role model for your children, vitality, or healthy relationships
- Even "not-so-noble" motivators like vanity could work quite well

As long as your motivator doesn't hurt you or others, works to get you going, and is in the service of a worthwhile change, it's probably a fine motivator. You just need to find something of vital importance to you--a passion. Making this choice is a critical first step towards change.

To the Members of the  
Executive Board of the  
Burlington County Municipal  
Joint Insurance Fund

I have enclosed for your review and, in some cases consideration, documents of presentation relating to claims, transfers, and the financial condition of the Fund.

The statements included in this report are prepared on a “modified cash basis” and relate to financial activity through the one month period ending December 31, 2018 for Closed Fund Years 1991 to 2013, and Fund Years 2014, 2015, 2016, 2017 and 2018. The reports, where required, are presented in a manner prescribed or permitted by the Department of Insurance and the Division of Local Government Services of the Department of Community Affairs.

All statements contained in this report are subject to adjustment by annual audit.

A summary of the contents of these statements is presented below.

## Statement Disclosures

### Statement Review; Limitations on Actions

Please carefully review your statements and retain them for your records as they may contain notices, disclosures and other important information in addition to the summary of the transactions in your account for the reporting period, including contributions, distributions, transfers, and purchases and sales of securities. Summary data is also provided for off-setting investment option transfers or other transfers made between accounts.

Please report promptly any material inaccuracy or discrepancy in this information to your Relationship Manager. If revised data becomes available to Wilmington Trust after these reports are generated, we may update our records accordingly; however, revised data typically will not result in the generation of a new report.

### Fee Arrangements

Wilmington Trust and its affiliates may earn additional compensation from uninvested cash in the form of earnings, which Wilmington Trust expects will be generated at the prevailing federal funds rate. Such earnings may be generated between the time the moneys are received by Wilmington Trust and actually forwarded to implement investment instructions, or between the time a distribution is issued and presented.

### Affiliated Advisers

"Wilmington Trust" is a service mark encompassing the trust and investment business of Manufacturer's & Trader's Trust Company ("M&T Bank") in providing services to this account, and of some of M&T Bank's subsidiaries and affiliates, serving individual and institutional clients. Subsidiaries and affiliates include, but are not limited to, Wilmington Trust Company (operating in Delaware only); Wilmington Trust, N.A., a national association; and Wilmington Funds Management Corp., Wilmington Trust Investment Advisors, Inc., and other registered investment adviser affiliates. For additional information regarding the Wilmington Trust brand, underlying entities, and products and services offered, please visit our web site at [www.wilmingtontrust.com](http://www.wilmingtontrust.com).

In performing discretionary investment services for an account, M&T Bank or an affiliate may invest account assets in one or more mutual funds, including mutual funds ("Affiliated Funds") advised by investment management affiliates of M&T Bank, including Wilmington Funds Management Corporation ("WFMC") and Wilmington Trust Investment Advisors, Inc. ("WTIA") ("Affiliated Advisers").

The Affiliated Advisers, M&T Bank, and M&T Securities, Inc., another affiliate of M&T Bank (collectively "M&T") may also provide administrative and shareholder services, and services under Rule 12b-1 plans to the Affiliated Funds, and may receive compensation for those services. If M&T provides additional services to the Affiliated Funds, it would be entitled to receive additional compensation from those funds. The compensation for services provided to the Affiliated Funds is

determined by the Board of Trustees that governs each Affiliated Fund, and is subject to change from time to time in the discretion of such Board of Trustees.

Currently, WFMC, in its capacity as investment adviser to the Affiliated Funds, is entitled to receive annual advisory fees between 0.45% and 0.95%. WFMC compensates WTIA directly for sub-advisory services provided to the Affiliated Funds. In its capacity as co-administrator of the Wilmington Funds, WFMC is currently entitled to receive annual co-administration fees from the Wilmington Funds as follows: 0.04% on the first \$5 billion; 0.03% on the next \$2 billion; 0.025% on the next \$3 billion; and 0.018% on assets in excess of \$10 billion. All fees are calculated based on average daily assets.

M&T Bank may be entitled to receive an annual shareholder services fee of up to 0.25% with respect to the assets of certain accounts invested in the Wilmington Funds. If M&T Bank or an affiliate has investment discretion over an account, then an account may receive a credit against the account-level fiduciary (or investment management) fee for all or some portion of the foregoing fees when account assets are invested in an Affiliated Fund. Alternatively, the value of account assets invested in an Affiliated Fund may be excluded from calculation of the account-level fiduciary (or investment management) fee.

Please consult a current prospectus, available at [www.wilmingtonfunds.com](http://www.wilmingtonfunds.com), for the relevant Affiliated Fund or contact your Relationship Manager for additional information.

WTIA maintains updated disclosure information on Form ADV Part 2, the Disclosure Brochure. The Disclosure Brochure contains information about WTIA, including a description of WTIA's programs, fees, trading practices, conflicts of interest, key personnel, and other business activities. The Disclosure Brochure is available to all clients of WTIA upon request by contacting WTIA at (410) 986-5656 or mailing your request to Wilmington Trust Investment Advisors, Inc., One Light Street, 15th Floor, Baltimore, MD 21202. ### Pricing and Valuation

Details of transaction charges and commissions are displayed on transaction confirmations, which have been mailed or made available separately to you. Wilmington Trust will also send you this information upon request. To the extent Wilmington Trust has custody of assets but no investment

authority over your account, you have the right at any time to receive, at no additional cost to you, written confirmations of securities transactions that occur in your account. These confirmations will be mailed to you in the timeframe required by applicable regulations. Even if you previously waived your right to receive these confirmations, you may at any time ask to receive such confirmations going forward. Please contact your Relationship Manager if you wish to have written trade confirmations mailed to you.

If we are managing the assets in this account, please contact your Relationship Manager if there have been any changes to your financial situation or investment objectives, or if you wish to impose any reasonable restrictions that might affect the management of this account, or reasonably change any existing restrictions.

The investment values and estimated income information reported herein reflect the securities in your account on a trade date basis as of the close of your statement period. Pricing may reflect market price quotations, closing price, mean bid / ask price, or estimated market values obtained from various third-party quotation services which we believe to be reliable and which were available when the report was prepared. If an investment did not have a readily determinable value, then reported values are based on the last valuation available to us at the time the report was generated. For assets not custodied at Wilmington Trust, prices and values are provided by the custodian, the issuer or their administrator, and Wilmington Trust is not responsible for this information, nor can Wilmington Trust guarantee its accuracy or timeliness. Valuation for Private Equity, Private Real Estate and Other asset classes reflect the most recent information available, but are typically illiquid and may have irregular reporting. Consult your Relationship Manager for details regarding valuations for your illiquid holdings.

Reported values may not equal market value or fair value and may include accruals. Asset values will fluctuate. This report should not be used to prepare tax documents or financial statements. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter. Please contact your Relationship Manager if you have any questions.

**Basis and limitations on use for Cost, Gains, and Losses.** This is not a tax document. This information is being provided for your review of transactions and balances in your account for the reporting period. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor. Unrealized Gain and Loss data is reliant upon accurate cost basis information and represents the current value of a security less the adjusted cost basis for that security. If the current value is greater than the adjusted cost basis, that position has an unrealized gain. Conversely, if value is less than cost, the position carries an unrealized loss.

The cost basis of record for securities transferred into your Wilmington Trust account may have been

provided to us by a delivering firm, a transfer agent, or another adviser on a best efforts basis. Cost basis data provided through delivering firms is relied upon for this report but should be reviewed for accuracy by each client. Cost basis on fixed income securities are adjusted for amortization, accretion, or principal paydowns and the method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. Where no cost basis is available for a security as of the last day of the reporting period, that security will reflect zero as the cost basis.

<b>Investments: • Are NOT FDIC-Insured • Have NO Bank Guarantee • May Lose Value</b>

## Glossary

**Accrued Dividend** represents dividends declared by the issuer which have not yet been paid.

**Accrued Income** represents income payments accumulated with a security (i.e., “priced in” to the security value) since the last payment date but not yet received. Income accrues daily and is reset every time accruals are paid.

**Cost** represents the reported original value of an asset adjusted for corporate actions, including stock splits, dividends, and return of capital distributions. Tax cost basis on fixed income securities are adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. This information is used to estimate capital gains and losses; however, this is not a tax document. This information is being provided for your convenience and is for informational purposes only. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor.

Securities acquired before 2011 are generally not subject to the new cost basis reporting rules set forth by the Internal Revenue Service Code in the Emergency Economic Stabilization Act of 2008 and are, therefore, considered “noncovered” under the new cost basis reporting rules. All other securities in this section are securities which are “covered” under the new cost basis reporting rules. Securities which are “covered” under the new cost basis reporting rules are defined as securities which have been acquired on or after their applicable dates at which they are subject to the cost basis reporting rules and the adjusted basis will be reported to the IRS on form 1099-B for the applicable tax year in which the security is disposed.

**Credit ratings** are used to evaluate the likelihood of default by a bond issuer. Independent rating agencies, such as Moody’s Investors Service, analyze the financial strength of each bond’s issuer. Moody’s ratings range from Aaa (highest quality) to C (lowest quality). Bonds rated Baa3 and better are considered “Investment Grade”. Bonds rated Ba1 and below are “Speculative Grade” (also “High Yield”). The **Weighted Average Credit Rating** reflects a portfolio-weighted average of ratings on individual rated bonds – non-rated bonds are excluded – it does not represent a rating of the portfolio as a whole. The weighted average is intended only as an aggregate illustration of the portfolio holdings rather than as an indication of their respective risks, as certain risks –including the risk of default of individual issues– may be underrepresented by this measure.

**Duration** is a measure of a bond’s sensitivity to changes in interest rates and is calculated as the average percentage change in a bond’s value under parallel shifts of the yield curve. Thus a bond with

duration of 4 would be expected to lose 1% in value (price) in the event of a 25 basis point (0.25%) increase in market rates, represented by the yield curve. Conversely, that bond would be expected to appreciate 1% in value with a 25 basis point decrease in market rates.

**Estimated Annual Income** is an indication of income return expected from security positions over the next 12 months assuming that the position quantities, interest /dividend rates, and prices remain constant. For U.S. government, corporate, and municipal bonds it is calculated by multiplying the coupon rate by the face value of the security. For common stocks, ADRs, REITs and mutual funds it is calculated using an indicated (projected) annual dividend. They are provided for illustrative purposes only, are not a forecast or guarantee of future results, and they should not be relied on for making investment, trading, or tax decisions.

**Estimated Yield** compares the anticipated earnings on investments (Estimated Annual Income) to the current price of the investments. Changes in the price of a security over time or in the amount of the investment held in your account will cause the estimated yield to vary. The actual yield may be higher or lower than the estimated amounts.

**Net Interest** represents the receipt of interest earned less the purchase of accrued interest on securities.

**Taxable** versus **Tax-exempt** status is determined at the security level, and not at the account type level. Thus accounts that carry a tax exemption, such as IRAs or various charitable trusts, often have holdings that are categorized as Taxable for this report. Conversely, securities classified as Tax-exempt for this report are held in taxable account types. Securities may be deemed Tax-exempt based on a tax-advantaged treatment, typically for interest payments on municipal bonds, which may not be available equally to all investors. Additionally, alternative tax treatments may mitigate or offset tax advantages reflected in this report. This report is not a tax document and should not be used for tax preparation.

**Term (Long or Short)** reflects the holding period of the security. Long term indicates a holding period one year or greater, while Short indicates a holding period less than one year.

**Trade Date** accounting is used throughout this report, unless otherwise identified, and records the purchase or sale of an asset as of the date on which an agreement to purchase/sell was entered, or a market trade executed, rather than on the settlement date (the actual delivery of the asset in exchange for payment). Thus, trades executed but pending settlement are treated as already present in the account in reliance upon successful settlement. Trade date treatment serves as a better

**Glossary** *(continued)*

---

reflection of actual decisions to buy/sell than settlement date, which can occur days later.

**Unit Cost** is the reported cost per share of an equity position, or cost per bond for debt securities. It reflects the price paid, adjusted for corporate actions such as stock splits and return of capital distributions. It is used to estimate capital gains and losses; however, you should rely only on your official tax documents for tax reporting purposes. All cost basis information is derived from transactions in the account or information supplied by you or other sources and is provided for your convenience and is for informational purposes only. There is no guarantee as to the accuracy of third-party cost basis information and it is not intended for tax reporting purposes. Please inform us in the event that a cost basis is not accurate.

**Unrealized Gain/Loss** is the difference between the current value of a security and the adjusted cost basis of that security. If the current value is greater than the original cost, that position has an unrealized gain. Conversely, if the current value is less than the original cost, that position has an unrealized loss.

**Yield to Worst** assumes the "worst case" yield to investors within the terms of the issue's provisions, such as use of prepayment, call, or sinking fund options that may be available to the issuer on some bonds.

Mr. Garish recommends keeping Fieldsboro Borough on their internal "watch list" until the first quarter of 2019.

The report reflects a six-year period for Fund Years 2012-2017. Mr. Forlenza noted that the six-year average loss ratio for the BURLCO JIF is 64.8%. He noted that these ratios are incurred losses, which is money paid on known claims, and money set aside to be paid on known claims within the Fund's *Self Insured Retention* (SIR) versus the loss funding portion of a member's assessment to pay these claims.

Mr. Forlenza briefly reviewed the following reports included in the agenda packet with the Committee.

As a result, a letter was sent to Fieldsboro, Edgewater Park, Pemberton Borough and Woodland Township. He noted that there were two members that were present; however they did not pick up their folder. Another town had a family emergency as to why they were unable to attend. Mr. Garish mentioned that Woodland Township was discussed earlier in the agenda.

## **Budget & Awards**

Mr. Forlenza then reviewed the 2018 BURLCO JIF Safety Incentive Budget beginning on page 70 of the agenda packet. The Committee agreed to the expenses set forth in the budget. Mr. Forlenza noted that any cost overruns would be taken out of the Contingency line. The Committee agreed.

Mr. Forlenza mentioned that there are no changes in size categories for 2019.

## **2019 Safety Program**

Mr. Garish referred the Committee to a copy of the 2019 “draft” SIP program with a few suggested changes that he would like to discuss with the Committee. He then highlighted the following:

- The Safety Breakfast and Safety Coordinator / Claims Coordinator Roundtable will be a single event for 2019 – The Executive Director’s office will research dates for the breakfast as it was previously scheduled for April. Mr. Garish mentioned that this change is to keep the members out of the office to a minimum.
- The Safety Incentive Program will now consist of a “Base Program Award” and an “Enhanced Program Award”
  - Base and Enhanced program awards are based on member size. Additional award monies have been added to the overall base/enhanced program awards for 2019. To qualify for the Base Award, members must complete six (6) required elements found on Page 5 of the Safety Incentive Program.
    - Removed attendance at both the Safety Breakfast and SC/CC RT as this will be one event
    - Added that members will hold at a minimum, quarterly Safety Committee meeting.
  - To qualify for the Enhanced Program Award, members will first need to qualify for the Base Award. Members will then need to meet the minimum required measurable goals within the following three categories:
    - Toolbox / Safety Talks
    - Safety / Facility Checklist (All Applicable Departments)
    - Job Safety Observations
  - Members will either qualify or not qualify (Pass or Fail) for both the Base and Enhance Safety Incentive Awards
- The Safety Director’s office will conduct a specific Loss Control Visit in 2019 during the 2<sup>nd</sup>/3<sup>rd</sup> quarter to review the member’s participation in the Safety Incentive Program. The visit will focus on helping our members with obtaining their Awards in both the Base and Enhanced Programs.
- The Special Recognition Award Section of the Safety Incentive Program has been removed.

Following a review of the suggested changes, the Committee approved the Safety Director’s highlighted changes to the 2019 Safety Incentive Program. Mr. Forlenza indicated that if Mr. Garish does not hear any feedback, he will assume the suggested changes are okay

Mr. Garish stated that the 2019 Safety Incentive Program will be distributed to the members on or about January 1, 2019.

## **XV. 2018 SAFETY & WELLNESS CALENDARS**

Mr. Forlenza indicated that the calendars were distributed at the November Executive Committee Meeting. Ms. Schiffer mentioned that some members are using the specific topic of the month for discussions during their Safety Committee Meetings.

***XVI. 2019 SAFETY KICKOFF BREAKFAST***

Mr. Forlenza noted that the Safety Kickoff Breakfast was originally going to be scheduled for April 2019. However, the Committee decided to combine the 2019 Safety Kickoff Breakfast and Safety & Claims Coordinator Roundtable. As a result, his office will research a date and venue to hold the Safety Kickoff Breakfast.

Mr. Forlenza asked the Committee if they wanted his office to purchase door prizes for the Safety Breakfast along with the Safety and Claims Coordinator gifts. The Committee approved these expenditures for 2019.

***XVII. NEXT MEETING***

Mr. Forlenza indicated that the next Executive Safety Committee Meeting will take place in the Spring 2019.

There being no further business, the meeting adjourned at 3:31 p.m.

# **EXECUTIVE SUMMARY**

## ***2018 Contract Status***

The Third Quarter Safety Director's Report covers service activities provided during July, August, and September of 2018. The annual Safety Director's contract for J. A. Montgomery Risk Control calls for a minimum of 64 loss control visits to the 27 members of the Burlington County Municipal Joint Insurance Fund.

Right to Know Inventory and Labeling Surveys for 2018 will be complete within the fourth quarter. The electronic distribution of the Central File Drop Box for the 2018 surveys will be out within the first quarter of 2019.

Service visits to member towns will include but not limited to, physical facility surveys, playground inspections, seasonal operations, job safety observations, Safety Committee meetings, and special training requests; PEOSH violation remediation assistance and other services requested or performed by the Safety Director's Office.

Renewal surveys have been completed and reviewed for the nine members that will be renewing in 2019. Those members renewing are Chesterfield, Delanco, Edgewater Park, Fieldsboro, Medford Twp., Pemberton Twp., Tabernacle, Westampton, and Wrightstown. During the surveys, all municipal operations were reviewed. Buildings more than 50+ years old or of significant value were visited, and the following elements were reviewed: SIP participation, progress on Suggestions for Improvement, any unusual exposures and comments on their loss metrics.

Results were summarized and reported at the June Executive Safety Committee meeting. None of the conditions found presented concerns with the desirability of these members for renewal.

## ***Law Enforcement Services***

Police Ad Hoc Committee meetings are held throughout the year, depending on the need. Joint meetings with Atlantic, BURLCO, and TRICO JIFs allow for representation by agencies of various sizes to present and discuss risk management issues of interest to the members. Police Ad Hoc Committee meetings will be held in 2018. Meetings occurred on April 20, 2018, and October 12, 2018. Meetings are officiated by Keith Hummel and Rob Garish.

Law Enforcement Consultative Visits will be provided by Chief Hummel (Ret.) to multiple agencies, with the goal of providing an in-depth review of services, and to identify members' needs and requests. Special attention is directed to members with changes to their Command Staff. The Safety Director's office will continue to build strong relationships with the Law Enforcement Community.

Law Enforcement training and memorandums are distributed electronically and are listed in the monthly Fund Agenda packet and posted to the website.

Four different Risk Management for Police Command Staff training events were conducted by Chief Hummel for 2018 for the Atlantic, BURLCO, and TRICO JIFS. Each training consisted of two sessions, both an a.m./p.m. session for a total of eight (8) sessions. Additional sessions were held throughout the state and made available to the membership.

Additional Police services that have been made available to members in 2018 include but not limited to:

- PoliceOne.Com Online Training

### ***Safety Monitoring and Intervention Activity***

The Safety Monitoring program is designed to identify members in need of extra attention. There are NO members of the BURLCO JIF on Safety Intervention or Monitoring at this time. J. A. Montgomery Risk Control will continue to monitor the loss ratios, LTAF rates, and participation of all members in the safety programs.

## ***2018 Safety Incentive Program Update***

The theme for the Safety Incentive Program is a “*ZERO HARM WORKPLACE*”; the Presence of Safety vs. the Absence of Safety. By changing the way we approach safety, we focus on the avoidance of risk rather than relying on the absence of injury to determine how well our safety program is working.

When we describe Zero Harm vs. Zero Incident, we have to start by identifying risk and avoiding the hazard through the use of controls.

We avoid Risk when we *Plan* to reduce or eliminate hazards wherever we can. We *Do* what is necessary to eliminate hazards each time. We *Check* to ensure it is being done and *Act* by following through with our plan.

- All members have submitted the signed safety contracts and Safety Committee meeting schedules.
- The Safety Coordinators/Claims Coordinator Roundtable held on February 22, 2018, had representation from all but two member towns.
- The Safety Breakfast held on April 10, 2018, had representation from all but four member towns.
- All member towns participated in the Annual JIF Retreat.
- Member towns are expected to actively participate in all aspects of the program. Safety records are kept at the workplace and maintained by the Safety Coordinator. Once or twice a year the safety records will be reviewed onsite by the safety consultants.
- Activities in the safety program are grouped as the elements of Commitment, Controlling Hazards, Continuing Education, Communication, Coaching and Claims Management.
- During onsite record checks, all elements of the program will be reviewed. We will work with members to secure a commitment of participation for any areas that are found to be lacking during the review. It is expected that written documentation will be available for review (Safety Committee Minutes, hazard inspections, training records, job safety observations, roadway sign, and walkway logs, etc.)
- Outstanding SFI's will be evaluated at the December Executive Safety Committee Meeting.

- The Safety Director will solicit feedback from the members to establish “minimum required participation” for 2019, including attendance at regional training, safety contract, representation at the annual planning retreat, Safety Committees, documentation of written PEOSHA programs, and completion of outstanding Suggestions for Improvement.
- All safety elements are scored equally, and full participation requires that there be activity and significant demonstration of commitment in all aspects of the program to qualify for a Safety Incentive Award.
- Members will either qualify or not qualify (Pass or Fail) for a Safety Incentive Award. There are no qualification tiers.

### ***Planned Service Activities for Q4***

- Continued designated member visits and Law Enforcement Consults

**Location: O'Connor's American Grille**

**Target Audience: All First Responders / Interested Personnel**

On occasion, Law Enforcement, EMS, and Fire personnel are dispatched to the scene of a medical and or criminal incident that involves a person who is reportedly out of control. Upon arrival on the scene, the emergency responder may be confronted by a person who is violent, highly agitated, irrational and resists physical restraint with surprising strength. These subjects could be suffering from a "unique syndrome" commonly referred to as Excited Delirium. First responders need to recognize the fact that these people are suffering from an acute, potentially life-threatening, medical condition.

This training program is designed to assist first responders with these highly volatile and life-threatening calls for service.

Mr. Forlenza referred the committee members to a copy of a memo in the Agenda Packet that depicts those members who served on MEL Committees for 2019 as follows:

<b>Committee</b>	<b>Meeting Frequency</b>	<b>Current BURLCO Rep</b>	<b>Interest in Serving</b>
MEL Executive Committee	Quarterly	Meghan Jack	
RCF Executive Committee	Quarterly	Dave Matchett	
E-JIF Executive Committee	Quarterly	Meghan Jack	
MEL Claims Review Committee	Before MEL Meeting	Meghan Jack	
RCF Claims Review Committee	Before RCF Meeting	Dave Matchett

Investment Committee	Semi-Annual	Tom Tontarski	Tom Tontarski
Legislative Committee	Quarterly		
Audit Committee	Semi-Annual		Kathy Burger
Coverage Committee	As Needed	Richard Brook	Richard Brook
Management Committee	As Needed		Jeff Hatcher

Discussion ensued regarding the representatives to the MEL Committee's in 2019. Following a brief discussion, it was decided that Mr. Forlenza's office would send an email to the members asking if there is an interest of being a representative to the Legislative Committee in 2019 as there is a vacancy. The Committee agreed.

**V. 2019 Conferences**

**A. 2019 Budget**

Mr. Forlenza reminded the Committee Chairs that the number of conference attendance positions budgeted for 2019 is four (4).

Mr. Forlenza then briefly reviewed the 2019 PRIMA and AGRIP conference schedule:

- PRIMA – June 9 – June 12, 2019 – Orlando, FL
- AGRIP
  - March 3 – March 6, 2019 – Spring Conference – St. Louis, MO (no responses for this conference at this time)
  - October 6 – October 9, 2019 – Fall Conference – Cleveland, OH

Mr. Forlenza indicated that on December 13, 2018, Ms. Plavchak from his office e-mailed information on the AGRIP and PRIMA Conferences to those Fund Commissioners who have priority to attend. Mr. Forlenza asked that members respond as soon as possible if they are interested in attending on the aforementioned conferences.

Mr. Forlenza mentioned that the minutes from today's meeting would likely be listed as a handout for the January Reorganization meeting; however, he was hopeful that they would make the January Agenda packet. He then asked the Committee if the minutes should be reviewed by Meghan Jack as she is the Fund Chair designee for 2019. Following a brief discussion, the Committee agreed that Ms. Jack should be sent a copy of the minutes for her review; however, the Committee was comfortable that the minutes prepared by Ms. Ortiz would accurately depict the Committee's discussions and should be included in the agenda packet if possible.

Mr. Forlenza asked if there were any questions. No questions were entertained.

Hearing no additional comments from the Committee members, the meeting adjourned at 10:27 AM.

**RE: *Municipal Excess Liability Joint Insurance Fund***  
***2019 Insurance Renewal***

Dear Dave and Joe:

On behalf of the Underwriting Manager team for the MEL, we want to provide you a general summary of the 2019 insurance renewal and to confirm all coverages are bound. A full, detailed Confirmation of Insurance will be provided as we finish rectifying the renewal exposures and selections with your team.

The overall goal guiding us through the 2019 renewal is obtaining favorable renewals from all of our incumbent insurers. There was particular focus on the Casualty and Public Officials/Employment Practices coverages, which are discussed in more detail below.

Thank you for all of your efforts and assistance regarding this renewal.

Best regards,

A handwritten signature in black ink, appearing to read "E. Cooney", written over a horizontal line.

## Results by Line of Coverage

### Property

2017 and 2018 brought about very significant and numerous natural disasters around the globe, with a few of the most notable in the United States and its territories. Underwriting profits and net profits were significantly affected, and the market saw many adjustments to underwriting guidelines. Despite the bad year in the macro market, the MEL will have a favorable renewal.

The MEL's incumbent primary insurer, Zurich, is offering a flat renewal (rate and retention) due to the continued positive loss experience.

We were expecting the insurers participating in the \$50,000,000 excess \$50,000,000 Flood/Earth Movement layer to increase their premium due to internal underwriting guideline adjustments from the global market, but not more than 5%. In the end, we were able to deliver a 4.2% increase.

### Casualty

The incumbent reinsurers (Genesis and Munich) have continuously performed favorably in their 30+ year partnerships with the MEL. 2018 brings the end of multi-year agreements with both, and so we are working on new contracts. Following the retirement of our underwriter, plus senior management changes at Genesis in 2018, we have unfortunately seen a significant change in underwriting mentality. We spent a prudent amount of time and energy in discussions with Genesis starting prior to the summer in order to educate the new team on the MEL account, as well as setting expectations for the renewal. Despite our efforts and the stellar loss history, Genesis originally asked for a 6% rate increase before coming down to a final offer of 3.5%. As such, we began a focused marketing effort to key insurers for the Genesis layer: Brit (a Fairfax company), Old Republic, and Munich.

A few weeks following the start of our marketing process, Genesis returned a new final offer of flat; however, we needed to continue the fair and open marketing process with the alternative insurers. Numerous options were presented, including structure changes and possible quota share options. In the end, the Reinsurance Committee chose one of Brit's options: \$3,000,000 limit excess of \$2,000,000 retention, and the MEL would quota share 20% of the layer. In total, this option returned the greatest amount of savings and allowed the MEL to better participate in higher layers, totaling over \$1,000,000 in savings.

Munich on its current layer (\$15m x \$5m) returned a flat rate.

The Underwriting Team also spent much of the year speaking with the membership about interest in higher Casualty limits above the \$20m currently offered by the MEL. This process resulted in much stronger purchasing of the \$20m currently offered (expected at over 50%). We have also communicated to the JIFs different excess limit options for each to purchase. These discussions will continue through the renewal.

## Results by Line of Coverage (cont'd)

### Workers' Compensation

We are ending a multi-year agreement with Safety National, and have negotiated a new contract. The program continues to perform well for Safety National and it is committed to the partnership. The result is a two-year option with a 3.9% rate decrease.

### Public Officials / Employment Practices / Volunteer D&O

QBE is the MEL's incumbent insurer for each coverage.

As respects the Public Officials / Employment Practices program, we are beginning to see the loss ratio improving, while total losses remain in a steady range. The improving metric warrants slightly smaller increases in the near future, which is reflected in the 2% increase we negotiated for the 2019 renewal.

During the year we had lengthy discussions with the Executive Directors regarding our current rating system for POL/EPL, identifying areas we could improve. A POL/EPL Task Force was established to focus on this, which will be producing a more favorable pricing model for the membership.

The Underwriting Team has also been working with QBE on improving and expanding the risk management resources available to the membership. We will continue to work with the MEL and designing and implementing these new and improved measures.

The Volunteer Directors & Officers Liability program is remaining at a flat rate for this renewal.

### Cyber

XL Catlin's and Beazley's (incumbent insurers) have been strong partners on our Cyber program. Especially as the claims activity has increased, they continue to offer a very easy underwriting process for a very complicated line of coverage and favorable renewals. The first three quarters of the year saw a good share of claims activity this year, but nothing outside the expected. However, in December we saw four significant claims within a one week period, plus an additional three yet to develop. The claims costs have pushed the loss ratio into the 200% range. As such, we need to gradually raise rates to continue a sustainable relationship with our strong partner. XL Catlin will be at a 15% increase, which comes out to an average of just over \$100 per member. Beazley will still remain flat for the Excess Cyber.

The Underwriting Team has received positive feedback from both insurers on the Cyber Risk Management Program implemented.

### Non-Owned Aircraft

The aviation market has shaken up in Q3 and Q4 of 2018, quickly departing from the soft market of the past few years. As such, Endurance's (incumbent) renewal is up by \$7,060. No changes in terms and conditions.
