

ANNOUNCING MSI NOW ONLINE TRAINING 24/7

The MEL Safety Institute is proud to announce **MSI NOW** College, a free on-demand video streaming service now available to employees, managers, and public officials in municipalities and public entities affiliated with MEL JIF.

More than 130 videos covering safety, risk control and employment practices topics are available.

Videos can be viewed through the *Learning Management System (LMS)* by individuals or groups. The system will record individual participation into personal LMS learning histories to provide proof of training.

- **Fulfill/Document OSHA training**
- **Provide 21st Century Training**
- **Anytime 24/7**
- **Viewing can be recorded in your learning history**
- **Most videos less than 20 minutes**
- **Can be viewed on a laptop, tablet, smartphone, or projected for group learning**

To Access MSI NOW

If you have an LMS account click the button.

If not, go to:

Login

MSI NOW was created as a way to continue to provide these important training videos to members without having to use the MSI Conventional Video Library ordering system, which has not been accessible during the COVID-19 pandemic.

A number of safety videos and webinars are still available on the website that do not require LMS login, but your viewing will not be recorded.
